

All- time Decathlon individual event lists (100 Performances & 100 Performers)

Here's a compilation for individual event marks which have been achieved at Decathlon competitions. Covering almost all of stats after 1958 and targeted Deca score might be at least above 7200 every year. For 2 years I've accumulated each performance one by one using total 14,000+ Deca results reported by several sources. I'll share it for Deca-mania and hope you'll enjoy much.

As you know it's difficult to search lower Deca score by local and also in old days, so if you should know adding stats within ranking limit, please inform me.
